Statement of Issue:	<p>The School of Public Health and the Department of Behavioral and Community Health propose to change the name of the Ph.D. program in Public and Community Health. The proposed name of Behavioral and Community Health better conveys the nature of the work conducted within the program and more accurately reflects the program's focus on health behavior. The new name also reflects the name of the department, which was changed last year from Public and Community Health to Behavioral and Community Health, for the same reasons. This change was supported by the College of Behavioral and Social Sciences.</p> <p>The Academic Planning Advisory Committee approved the proposal on November 21, 2011. The Graduate PCC Committee approved the proposal on November 21, 2011, and the Graduate Council approved the proposal on January 13, 2012. The Senate PCC Committee approved the proposal on December 2, 2011.</p>
Relevant Policy # & URL:	N/A
Recommendation:	The Senate Committee on Programs, Curricula, and Courses recommends that the Senate accept the name change.
Committee Work:	The Committee considered the proposal at its December 2, 2011,

	meeting. Elbert Glover, Chair of Behavioral and Community Health, and Coke Farmer, Assistant Dean of the School of Public Health, were present to discuss the proposal and answer questions. After discussion, the Committee voted unanimously to recommend the proposal.
Alternatives:	The Senate could decline to approve the new name for this program.
Risks:	If the Senate does not approve this proposal, then the program will retain its existing name, which does not accurately reflect the activities of the program.
Financial Implications:	There are no significant financial implications with this proposal.
Further Approvals Required:	If the Senate approves this proposal, it would still require further approval by the President and the Chancellor, and the Maryland Higher Education Commission will need to be notified.

Summary of Proposed Action:

Our department name was officially changed in the Fall of 2010 and we became the Department of Behavioral and Community Health to more appropriately reflect our discipline within the field of public health. In addition, to meet the Council on Education in Public Health (the accrediting body for Schools of Public Health) requirements of departmental discipline clarity, it was not appropriate to have a generic department name such as the Department of Public and Community Health that was so similar to the name of our school (the School of Public Health).

We currently offer a PhD in Public and Community health (our old department name) and would like to change it to a PhD in Behavioral and Community Health to reflect our new discipline specific department name.
