

OFFICE OF THE CHANCELLOR

June 2, 2010

Dr. C. D. Mote, Jr.
President
University of Maryland, College Park
1101 Main Administration Building
College Park, MD 20742

Dear Dan:

Thank you for forwarding the request of the College of Education, UMCP, to discontinue the following attached 19 Areas of Concentration table to be deleted.

I know this was a difficult decision. Please accept my approval and express my appreciation to departmental faculty for their careful work in making this decision.

Sincerely yours,

[Signature]
William E. Kirwan
Chancellor

May 6, 2010

Chancellor William E. Kirwan  
University System of Maryland  
3300 Metzerott Road  
Adelphi, MD 20783

Dear Chancellor Kirwan:

I am writing to request final approval for a number of actions by the College of Education that will update its offerings in the Maryland state academic program inventory. The first set of proposals, attached in Table 1, is for the termination of a number of inactive Programs and Areas of Concentration. These have become obsolete either because of changes in Maryland State Department of Education teacher-preparation requirements or because of changes in individual departments within the College of Education. They have all been inactive for a number of years, and there are no students enrolled or in the applicant pool for any of them.

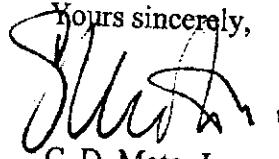

The second set of proposed actions concerns the restructuring of the Bachelor's degree programs in Secondary Education. Our inventory currently lists six specific subject-area B.A. and B.S. degrees. We wish to restructure our offerings into two Secondary Education degrees: either the Bachelor of Science, with three specialty areas (Math, Science, and Social Studies), or the Bachelor of Arts with three specialty areas (Foreign Language, English and Social Studies). The curricula are unchanged, and these changes will not affect faculty or course offerings, but we believe that this arrangement will be clearer to students. All students in this program double-major with a discipline-specific program, so that upon graduation, they will be eligible for certification as a Secondary Education Teacher in the State of Maryland. In order to facilitate this change, we request the following actions:

- Rename the B.S. in Secondary Education in Mathematics to the more general title of the B.S. in Secondary Education
- Rename the B.A. in Secondary Education in Foreign Languages to the more general title of the B.A. in Secondary Education
- Discontinue the following Bachelor degree programs:
  - Secondary Education-English (Lang. Arts)
  - Secondary Education-Social Studies (B.A. and B.S.)
  - Secondary Education – Science

All six of these discipline-specific areas will continue to be offered as informal specializations. Note that, if these actions are approved, we will submit a request to MHEC for a change of the CIP code for the general B.A. and B.S. in Secondary Education, to align it better with the more general degree.

The proposal has been endorsed by the appropriate faculty and administrative committees, and was recommended for approval by the University Senate. I have accepted this recommendation and request final approval of these actions. Upon receiving your approval, I will notify MHEC and request that the academic program inventory be updated accordingly.

Yours sincerely,

C. D. Mote, Jr.  
President
