Office of the President
Main Administration Building

Dear Darryll,

Thank you for forwarding the request of the University of Maryland, College Park to change the name of the Ph.D. in Measurement, Statistics and Evaluation to the Ph.D. in Quantitative Methodology: Measurement and Statistics. I understand there is no change in the curriculum and this request to change the name is to better reflect the scope of the program's curriculum, the future field of quantitative methodology, and the broader application of the skills and knowledge students gain from this program.

I am pleased to approve this action. I have confidence that the program will continue to meet with success under the new title.

Sincerely,

Jay A. Perman
Chancellor
