

OFFICE OF THE CHANCELLOR

December 5, 2022

Dr. Darryll Pines
President
University of Maryland, College Park
Office of the President
Main Administration Building
College Park, MD 20742

Dear Darryll,

Thank you for forwarding the request of the University of Maryland, College Park to change the name of the Bachelor of Science in Embedded Systems and Internet of Things to the Bachelor of Science in Cyber-Physical Systems Engineering. I understand that there will be no change to the curricular requirements and this request to change the name is to meet the accreditation requirements as specified by ABET, which requires that all its accredited engineering programs to have the word “Engineering” in the program title.

I am pleased to approve this action. I have confidence that the program will continue to meet with success under the new title.

Sincerely,

Jay A. Perman
Chancellor

Cc: Jennifer King Rice, Senior Vice President and Provost
Darlene Brannigan Smith, Interim Associate Vice Chancellor for Academic Affairs
