ISSUE

The University of Maryland Plan of Organization for Shared Governance mandates that all Colleges and Schools be governed by a Plan of Organization. These Plans must conform to provisions and principles set forth in the University's Plan, the Bylaws of the University Senate, the Policy on Shared Governance in the University System of Maryland, and best practices in shared governance. Revisions to the Plan of Organization of each College, School, and the Library must be reviewed and approved by the University Senate. The Senate Elections, Representation, & Governance (ERG) Committee is the standing Committee responsible for conducting these reviews. In October 2019, the School of Public Policy (PLCY) submitted a revised version of its Plan of Organization, including changes to its Appointment, Promotion, and Tenure (APT) policy. The School indicated that there have been no changes to its Appointment, Evaluation, and Promotion (AEP) policy since it was last approved in 2016.

RECOMMENDATION(S)

The Elections, Representation, & Governance Committee recommends that the Senate approve the revised Plan of Organization for the School of Public Policy.

COMMITTEE WORK

The PLCY Plan of Organization review process started in November 2019. The review process entailed collaborative feedback discussion between PLCY representatives and both the ERG Committee and the Faculty Affairs Committee (FAC). The ERG Committee provided initial feedback to the PLCY noting that there is no single body that meets the requirements of the "Faculty Advisory Council" required by the University Plan, and the procedures for electing University Senators are insufficient. The committee also noted areas where shared governance and administrative functions are not clearly delineated, and observed that there are inadequate opportunities for participation by staff and students in the School's governance.

The ERG Committee received a revised PLCY Plan that addressed a majority of the feedback the ERG Committee previously provided and notable changes to the committees were made. An additional committee called the Faculty Committee was created to be chaired by the Dean to

facilitate a method to receive information from faculty members. ERG Committee members provided feedback on this revision that clarity was needed of committee's membership process with term lengths that are stated rather than implied and specified term limits and quorums. Also, a version of the Faculty Advisory Council required by the UMD Plan was needed with the specified duties and has an elected chair with elected representation from faculty, staff and students, as written it appeared the council was split between two committees, the Assembly Executive Committee (IX.A) and the Faculty Advisory Council (IX.B).

Over the summer 2023 PLCY acted on the ERG Committee's feedback by providing a further revised Plan that included the delineation of committee roles, established a Faculty Advisory Council as specified in the UMD Plan, and clarified committee membership processes. Additional revisions were made to specify constituency groups of students as undergraduate and graduate, and staff as non-exempt and exempt. At the September 2023 ERG Committee meeting, the committee reviewed the revised PLCY Plan noting PLCY addressed the ERG Committee's feedback. At the October ERG Committee meeting, the committee voted to approve the revised PLCY Plan.

In conjunction with the PLCY Plan review, the FAC Working Group reviewed the APT and Post-Tenure Review policies. The Working Group's initial review raised concerns about the PLCY's inclusion of non-unit-based faculty members representation on the Initial Advisory Subcommittee and requested clarity of voting members on the APT Committee. PLCY responded by clarifying PTK and other non-tenure track faculty's input will be considered but they will not be involved in the discussion or deliberation of APT cases and clarifying the voting members on the APT Committee.

PLCY addressed FAC Working Group concerns and revised the policies to align with UMD governing documents when it was noted the policies were missing required elements that may have been present at one time but were deleted during the Plan revision process.

The FAC reviewed and approved the PLCY APT and Post-Tenure Review policies by vote on October 11, 2023.

The ERG Committee voted to approve the revised PLCY Plan on October 13, 2023.

The School of Public Policy College Assembly voted to approve the revised Plan of Organization in a vote concluding October 23, 2023.

ALTERNATIVES

The Senate could reject the revised Plan of Organization and the existing Plan would remain in effect.

RISKS

There are no risks to the University in adopting the revised Plan of Organization.

FINANCIAL IMPLICATIONS

BACKGROUND

The University of Maryland Plan of Organization for Shared Governance mandates that all Colleges, Schools, and the Libraries be governed by a Plan of Organization. These Plans must conform to provisions and principles set forth in the University's Plan, the Bylaws of the University Senate, and the Policy on Shared Governance in the University System of Maryland, as well as with best practices in shared governance. Revisions to the Plan of Organization of each College, School, and the Libraries must be reviewed and approved by the University Senate. The Senate Elections, Representation, & Governance (ERG) Committee is the standing committee responsible for conducting these reviews in conjunction with Faculty Affairs Committee (FAC).

In October 2019, the School of Public Policy (PLCY) submitted a revised version of its Plan of Organization, including changes to its Appointment, Promotion, and Tenure (APT) policy. The School indicated that there have been no changes to its Appointment, Evaluation, and Promotion (AEP) policy since it was last approved in 2016.

COMMITTEE WORK

In November 2019, the ERG Committee conducted an in-depth assessment of the revised PLCY Plan. The committee noted that there was no single body that meets the requirements of the "Faculty Advisory Council" required by the University Plan, and the procedures for electing University Senators was insufficient. The committee also noted areas where shared governance and administrative functions were not clearly delineated, and observed there were inadequate opportunities for participation by staff and students in the School's governance.

In August 2020, PLCY submitted a revised Plan. Upon the review of the revisions in March 2021, the ERG Committee provided feedback to PLCY that revisions were needed to the Faculty Advisory Council, noted a range of unclear or missing language related to PLCY bodies, and that representation for students was potentially inadequate.

A newly revised PLCY Plan was submitted in December 2021. After a review of the revised PLCY Plan ERG Committee feedback was provided to the PLCY representative in April 2022. In May

2022, ERG Committee Chair Montgomery provided an update to the Committee that the most recent Plan submission received from the PLCY required additional clarification and the remaining concerns were reviewed with the PLCY representative at a meeting. These included concerns such as clarity and expressed intention on the makeup of the Policy Student Government Association, clarity on the formation of subcommittees and membership terms, and confusing references to Staff body and University Staff senators.

The ERG Committee received PLCY Plan revisions in February 2023. Overall, the revised PLCY Plan addressed a majority of the feedback the ERG Committee previously provided and notable changes to the committees were made. An additional committee called the Faculty Committee was created to be chaired by the Dean to facilitate a method to receive information from faculty members.

ERG Committee members provided feedback in March 2023 noting the newly created committees needed clear delineation of the committee's role as either administrative or shared governance. Clarity was needed of these committee's membership process with term lengths that are stated rather than implied, specified term limits, and quorums. A version of the Faculty Advisory Council was needed, as required by the UMD Plan, that has the specified duties and an elected chair with elected representation from faculty, staff and students, as written it appeared the council was split between two committees, the Assembly Executive Committee (IX.A) and the Faculty Advisory Council (IX.B).

Over the summer 2023 PLCY acted on the ERG Committee feedback by providing a revised Plan that included the delineation of committee roles, established a Faculty Advisory Council as specified in the UMD Plan, and clarified committee membership processes. Additional revisions were made to specify constituency groups of students as undergraduate and graduate, and staff as non-exempt and exempt. At the September 2023 ERG Committee meeting, the committee reviewed the revised PLCY Plan noting this version corrected and clarified committee's roles and the representational issues among staff and students. At the October ERG Committee meeting, the committee voted to approve the PLCY Plan.

In conjunction with the PLCY Plan review, the FAC Working Group reviewed the APT and Post-Tenure Review policies. PLCY addressed concerns and revised the policies to align with UMD governing documents when it was noted the policies were missing required elements that may have been present at one time but were deleted during the Plan revision process.

The Working Group's initial review raised concerns about the PLCY's inclusion of non-unit-based faculty members representation on the Initial Advisory Subcommittee and requested clarity of voting members on the APT Committee. PLCY responded by clarifying PTK and other non-tenure track faculty's input will be considered but they will not be involved in the discussion or deliberation of APT cases and clarifying the voting members on the APT Committee.

PLCY addressed all the concerns that were raised by the Working Group. The Working Group submitted the revised PLCY APT and Post-Tenure Review policies for the FAC Committee's consideration and recommendation. After a review of the final APT and Post-Tenure Review policies, FAC voted to approve the APT policy and the Post-Tenure Review policies in the PLCY Plan on October 11, 2023.

The Faculty Affairs Committee approved PLCY's APT and Post-Tenure Review policies at the October 11, 2023 meeting. On October 13, 2023, the ERG Committee voted to approve the revised PLCY Plan.

The PLCY College Assembly voted to approve the revised Plan of Organization in a vote that concluded on October 23, 2023.

RECOMMENDATIONS

The Elections, Representation, & Governance Committee recommends that the Senate approve the revised Plan of Organization for the School of Public Policy as shown immediately following this report.

The proposal should include a description of the nature of the association and a copy of the nominee's curriculum vitae.

The Dean will submit proposals for School affiliate status to the Faculty Committee for discussion and approval. The Dean may approve individuals for affiliate status with the School's research centers or institutes without such faculty consultation, but must notify the Faculty Committee by the time of the next scheduled meeting of that committee.

An agenda shall be distributed to the membership at least seven days prior to any meeting. Any proposals that may require a vote shall be presented in writing and shall be submitted to the membership together with the agenda seven days prior to the meeting.

Meetings of the Assembly shall be conducted in accordance with Robert's Rules of Order. A quorum shall be defined as 50 percent of the total membership of the Assembly for a given academic year. No vote shall be taken in the absence of a quorum. Minutes of each Assembly meeting shall be provided to all Assembly members within one week of each Assembly meeting.

The Assembly shall, at the first meeting of the fall semester, elect both a Parliamentarian and a Secretary. These individuals shall serve in these roles through the conclusion of the first fall meeting in the following year. 1. The Parliamentarian is responsible, in part, for determining the necessary number of members for a quorum and whether a quorum has been achieved.
2. The Secretary is responsible for keeping minutes of the Assembly, including the results of recorded votes, and providing those minutes to Assembly members and the Dean.
3. Should a vacancy occur in one of these roles, the co-chairs may appoint replacements.

E. Subcommittees

The Assembly shall organize itself into subcommittees in order to provide advice or analyze policies or procedures that may benefit the School in achieving the mission identified in Article I. Two subcommittees are required:

The Assembly shall vote, at the final meeting of the spring semester, to establish additional subcommittees that it wants to constitute for the following academic year. Members of each subcommittee shall be elected by the Assembly during the first meeting of the Assembly of the academic year. All Faculty, Staff, and Students of the School are eligible to stand for election to a subcommittee, or accept to stand for election upon nomination by another person. In the event that a given subcommittee is not ratified by a majority of the Assembly, the co-chairs must establish a new set of subcommittee members, who will then be again presented to the Assembly for ratification.

A majority of subcommittee members is considered a quorum for voting purposes. Each subcommittee of the Assembly:

1. shall elect its own chair from among its members.
2. may include a member of the School's senior staff, as an ex-officio member.
3. shall report, at least twice a year, to the Assembly on its activities. The APT Chair will appoint advisory subcommittees, comprised of a minimum of two APT committee members including a subcommittee chair, to review candidates' records, prepare the dossiers, and report on the candidates to the APT committee for consideration by the full committee. The APT chair also will designate one of these subcommittee members as chair. Subcommittees may seek information and/or input from Professors of the Practice or other professional track faculty members within the School and faculty from units outside the School, when appropriate, to assess the performance of a candidate whose expertise is deemed under-represented on the School's tenure-track faculty. Tenured faculty members from other University units may also serve on APT subcommittees as long as they have the rank appropriate for consideration of the rank in consideration. External members that are members of the subcommittee may be present when the School's full APT Committee considers the case and may have a voice but not a vote.
- b. Making independent recommendations to the University, consistent with University policy, on all cases of tenure-track faculty appointment, promotion,

non-promotion, and award of tenure. Such evaluations will be made by vote of the School's APT Committee. To conduct business and to take votes, the APT Committee must have a quorum of its members present. For the purposes of APT Committee discussion and action, a quorum is defined as one faculty more than half of all tenured faculty members in the School holding the rank and above for the rank under consideration, not including those faculty members on leave or on sabbatical. Thus only those candidates with positive votes at or exceeding the quorum will be recommended to the University for appointment, promotion, and award of tenure. Proxy voting is not permitted. Votes will be conducted by secret ballot. When necessary and approved by the majority of the members present, electronic ballots may be used, which must be confidential.

- e. Requests for information from higher level review units shall be transmitted to both the advisory subcommittee and the Dean.
- f. Upon completion of the first-level review, the Dean shall, within two weeks of the date of the decision, inform the candidate whether the recommendations made by the APT Committee and the Dean were positive or negative (including specific

information on the number of faculty who voted for tenure and/or promotion, the number who voted against, and the number of abstentions), and prepare for the candidate a letter summarizing in general terms the nature of the considerations on which those decisions were based.

- g. For candidates being appointed at the Associate or Full Professor level, the same procedures are in effect, as outlined above, as for an internal promotion case. The Dean shall report decisions regarding tenure and promotion to the APT Committee.

F. Appointment, Evaluation, and Promotion of Professional Track Faculty (AEP Committee)

1. The AEP Committee consists of three (3) faculty, elected by the Faculty Committee, and shall include at least two PTK faculty members, each of whom must be members of the Faculty Committee. A TTK faculty member may serve on one of the three AEP committee slots, but an AEP committee can also be composed of three PTK faculty.
2. The AEP Committee will elect a chair from among its elected members.
3. Members of the AEP Committee shall serve two-year terms. Each member of the committee shall be a full voting member.
4. Requests for promotion may come from either the faculty member desiring to be promoted, that individual's supervisor, or the Dean. The procedures for consideration of requests for promotion are outlined in the School's approved "AEP Policies and Procedures for Professional Track Faculty" (hereinafter referred to as "AEP Policy"). This policy outlines the process for review of the request for promotion, communication requirements, and appeal procedures, as necessary.

G. Faculty Merit Review Committee

1. The Faculty Merit Review Committee (FMRC) evaluates the performance of faculty in teaching, research, and service, and makes recommendations to the Dean on faculty members' performance and, when available, the allocation of the faculty merit salary pool.
2. The FMRC consists of four members including 2 TTK and 2 PTK representatives each elected by their respective constituency, through a secret ballot, to serve terms of one year. If the Dean believes that any group has been systematically underrepresented, they may appoint a member of that group as an additional member of the FMRC.
3. The FMRC review is conducted during the spring semester. The elements of the review are as follows:

- a. The Faculty Committee elects FMRC members by secret ballot during the first faculty meeting of the year when other committees are elected. Faculty who served on the FMRC in the previous two years are not eligible to serve, except when there are fewer than three eligible faculty members. Tie votes are resolved by random draw among those who have not served in the last five years. In the event that a member of the committee has a personal or professional relationship that creates a conflict of interest on the faculty, that person will also be evaluated separately by the Dean and their designee.
4. All faculty members must complete activity reports by the required date established by the University. The activity reports should include a description of the faculty member's contributions to scholarship, teaching, service to the School, administrative duties, and public service. Faculty who do not complete an activity report will not be eligible for merit awards in that fiscal year. In general, the FMRC should examine the performance of faculty members over the previous three years. Faculty may choose to submit additional documentation to be considered by the FMRC.
5. Upon completion of the faculty activity reporting as determined by the University, the Dean or an individual delegated by the Dean shall provide the FMRC with a list of eligible faculty and copies of their faculty activity reports. All faculty members who were hired prior to the current academic year are eligible for review.
6. FMRC will elect one of its members to serve as chair. FMRC examines the activity reports, on the basis of each faculty member's contributions to scholarship, teaching, service to the School, and public service. The assessment will examine the degree to which these contributions fit with the School's standards for promotion and tenure, as outlined in the School's APT and/or AEP policies and the individual's contract and delegated responsibilities in line with the School's Merit Evaluation Policy. The School will establish a Workload Policy for faculty, and the merit review committee will be provided with the workload percentages for each faculty member reviewed and use it as a guide in reviewing each faculty activity report. The Dean and a designee of the Dean will separately assess the performance of the members of the FMRC. The FMRC prepares a written evaluation of each faculty member. The evaluations are submitted to the Dean by April 1, unless the Dean grants an extension.
7. Each faculty member shall be given the review committee's (or, in the case of members of the FMRC, the Dean's) evaluation report and is permitted to provide a written response to the evaluation report within 14 days of receipt of said report.
8. The FMRC's role is advisory to the Dean. The Dean makes the final decisions on merit salary awards, based on the FMRC's evaluations. The Dean reports to the committee the final merit awards.
9. Any faculty member who is dissatisfied with the merit salary increase should file a written appeal with the Dean. The Dean will consider the issues raised in the appeal, meet with the faculty member to discuss the issues, and inform the faculty member of the decision on the salary increase. If a faculty member remains dissatisfied, the faculty member may initiate a grievance according to the University of Maryland Policies and Procedures Governing Faculty Grievances.

Article X: Post-Tenure Review

1. In accordance with the policy of the University System of Maryland (19.0 II-1.19) and the policy of the University of Maryland College Park (II-1.20(A)), the School will conduct a regular, comprehensive review of tenured faculty. These reviews shall:
 - a. Occur on a regular basis, not less than once every five years. A review may be delayed if a faculty member is on leave (sabbatical, leave without pay, etc.), administrative assignment, or by other factors for an equivalent time period as the factor.
 - b. Be a major formative process for future faculty development and rewards, enhancing the learning environment of students, and improving the School's programs.
2. Reviews conducted as part of an assessment for appointment and promotion will be considered a comprehensive review, for the purposes of this policy.
3. The APT Committee, in consultation with the Dean, shall determine and define the criteria for satisfactory and unsatisfactory performance. This criteria shall be made available to all TTK faculty.
4. Reviews will be scheduled, starting with the faculty who have served the longest in rank since the previous comprehensive review. The School shall endeavor to allocate the comprehensive reviews of tenured faculty so that approximately the same number of tenured faculty are reviewed each year. Faculty members shall be informed by the Dean, by September 1, of the schedule of the faculty members who will undergo post-tenure comprehensive reviews in each year.
5. By January 1 of the academic year in which a faculty member is scheduled to undergo a post-tenure comprehensive review, the faculty member will:
 - a. Prepare a brief summary of the faculty member's contributions in teaching, research, and public service since the last review.
 - b. Submit copies of assessments of the impact of the faculty member's work, including citation counts and other measures of scholarly accomplishment.
6. Each year, the Appointment, Promotion and Tenure Committee shall elect, from its members, a Post-Tenure Review Committee of three (3) tenured full professors. None of the members of the committee shall be faculty members scheduled for review in the current year. The Committee is responsible for preparing a written appraisal of the faculty member's report as described in Article X.4.
7. The faculty member shall be provided with the review committee's appraisal and is allowed to submit a written response within 14 calendar days of the faculty member's receipt of the appraisal.
8. The review portfolio, consisting of the items in Article X.5, the review committee's appraisal, and the faculty member's response (if applicable) must be submitted to the Dean by March 31.

9. The Dean and faculty member shall meet to discuss the review and create a written development plan and timetable designed to support and improve the faculty member's performance.
10. Two consecutive periodic reviews that find a faculty member is materially deficient in meeting expectations shall necessitate an immediate comprehensive review.
11. The annual reviews conducted by the School as part of the annual merit assessment (See Article IX.G) shall be used as part of the comprehensive review.

Article XI: General

A. Rules

Unless otherwise specified, Roberts Rules of Order Newly Revised will set the procedures for the conduct of business during the meetings of the School's committees.

4 and such other members of the Faculty, as defined in Article V.A., with academic

8 1. Membership
9

10 The PCC shall consist of at least five faculty members appointed by the Dean in
11 consultation with the Faculty Committee. The Dean shall designate a Chair from
12 among the Committee's membership.
13

14
15 2. Duties and Responsibilities

26
27 c. Recommending to the Dean, Directors, and Faculty any changes in
28 courses and curricula as may be submitted by the Faculty, faculty

30
31

32 **C. Appointment, Promotion, and Tenure Committee (APT)**
33

34 1. Membership
35

36 a. The membership of the APT committee generally consists of all tenured
37 and tenure-track faculty in the School
38

39 b. When considering an individual for appointment to the rank of Associate

1 Professor or Professor, the APT committee shall consist of only those members of
2 the larger APT committee who hold the rank under consideration, or higher.

3
4 c. The Committee shall elect an APT chair, chosen from among the Committee's
5 membership. The Chair's term will be for one year. The Chair shall hold the rank
6 of Professor, and shall be responsible for preparing the APT committee report and
7 the promotion dossiers for all candidates for appointment at the rank of Associate
8 Professor or Professor.

9 10 2. Duties and Responsibilities

11
12 The deliberations of the APT Committee shall be conducted in strict compliance with all
13 applicable University and Campus policies. The deliberations shall be confidential. The
14 Committee shall be responsible for:

15
16 a. Reviewing candidates' dossiers and making recommendations on the basis of
17 those reviews. The Dean may appoint 3- member subcommittees, as well as a
18 chair for the subcommittees, in concert with the APT chair, to review candidates'
19 records and prepare the dossiers for consideration by the full committee. Such
20 subcommittees may include Professors of the Practice within the School and
21 faculty from units outside the School, when appropriate, to assess the
22 performance of a candidate whose expertise is deemed under-represented on the
23 School's faculty. These external members may be present when the School's full
24 APT committee considers the case and may have voice but not vote.

25
26 b. Making recommendations to the Dean in regard to all cases of appointment,
27 promotion, non-promotion, and award of tenure. Recommendations will be made
28 by vote of the School's APT committee. To conduct business and to take votes,
29 the APT Committee must have a quorum of its members present. For the purposes
30 of APT Committee discussion and action, a quorum is defined as one faculty
31 more than half of all faculty members holding the rank and above for the rank
32 under consideration, not including those faculty members on leave or on
33 sabbatical. Thus only those candidates with positive votes at or exceeding the
34 quorum will be recommended for appointment, promotion, and award of tenure.
35 Only those APT Committee members present may cast a vote for candidates
36 being considered for promotion from assistant professor to associate professor
37 with tenure. For APT Committee votes on appointments of external candidates,
38 electronic ballots may be used, which must be confidential.

1 3. Meetings
2

3 Written notice of APT committee meetings and copies of the candidate's dossier shall be
4 distributed to the membership with at least one-week advance notice, unless the majority
5 of the APT Committee agrees to waive such notice.
6

7 a. Meetings of the School's APT committee shall be chaired by the chair of the
8 School APT.
9

10 b. The Dean may attend the meetings of the APT committee, and will have a
11 voice but not a vote in these meetings.
12

13 4. APT actions
14

15 a. The vote of the APT committee is advisory to the Dean, who provides an
16 independent decision on behalf of the School when recommending candidates to
17 the Provost and President for appointment as associate and full professors and for
18 questions of tenure. The Dean has the final decision on appointment of
19 candidates.
20

21 b. Within two weeks of the vote of the APT committee and the Dean's decision,
22 the Dean shall (1) inform the candidate whether the recommendations made by
23 the faculty committee and the Dean were positive or negative (including specific
24 information on the number of faculty who voted for tenure and/or promotion, the
25 number who voted against, and the number of abstentions), and (2) prepare for the
26 candidate a letter summarizing in general terms the nature of the considerations
27 on which those decisions were based. Summaries shall be provided to the
28 candidate whenever either or both faculty and the Dean's recommendations are
29 negative. The chair of the faculty APT committee shall review the letter prepared
30 by the Dean to ensure that it accurately summarizes the considerations regarded as
31 relevant by the faculty APT committee. The chair of the faculty APT committee
32 shall be provided access to the Dean's letters to the candidate and to the campus
33 APT committee to ensure that the summary accurately reflects the
34 recommendation and rationale provided to higher levels of review. In addition,
35 both letters shall be made available for review in the office of the Dean by any
36 member of the faculty APT committee. In the event that the chair of the faculty
37 committee and the Dean are unable to agree on the appropriate language and
38 contents of the summary letter, each shall write a summary letter to the candidate.
39 A copy of all materials provided to the candidate shall be added to the tenure or
40 promotion file as the case proceeds through higher levels of review.
41
42

D. Faculty Merit and Salary Review Committee

1. The Faculty Merit and Salary Review Committee (FMSRC) evaluates the performance of faculty in teaching, research, and service, and makes recommendations to the Dean on faculty members' performance.
2. The FMSRC consists of three members elected by a majority of the Faculty Committee of the School of Public Policy, through a secret ballot, and serve terms of one year. The committee consists of one professor (including professor of the practice), one assistant professor, and one professor without regard to rank. If the Dean believes that any group has been systematically underrepresented, he or she may appoint a member of that group as an additional member of the FMSRC.
3. The Dean may reserve a portion of the merit pool to address special salary problems within the School.
4. The FMSRC review is conducted during the spring semester. The elements of the review are as follows:
 - a) The Faculty Committee elects FMSRC members by secret ballot during a faculty meeting before 15 March. Faculty who served on the FMSRC in the previous two years are not eligible to serve, except when there are fewer than three eligible faculty members. Tie votes are resolved by random draw among those who have not served in the last five years.
 - b) Faculty members complete activity reports by 15 March. The activity reports should include a description of the faculty member's contributions to scholarship, teaching, service to the School, public service, and a summary of the findings of the Post-Tenure Review Committee (see Article X). Faculty who do not complete an activity report will not be eligible for merit awards in that fiscal year. In general, the FMSRC should examine the performance of faculty members over the previous three years, including student teaching evaluations and comprehensive reviews conducted for appointment and promotion. For years when merit pay is not available, the achievements of the faculty members for that year (or years) will be taken into consideration during the next year in which merit pay is available.
 - c) In late March, the Dean or an individual delegated by the Dean shall provide the FMSRC with a list of eligible faculty and copies of their faculty activity reports. All faculty members who were hired prior to the current academic year are eligible for review.

- 1 d) FMSRC will elect one of its members to serve as chair. FMSRC examines
2 the activity reports, on the basis of each faculty member's contributions to
3 scholarship, teaching, service to the School, and public service. The
4 assessment will examine the degree to which these contributions fit with
5 the School's standards for promotion and tenure. (Please see the separate
6 School policy outlining the promotion and tenure standards.) The Dean
7 will separately assess the performance of the members of the FMSRC. The
8 FMSRC prepares a written evaluation of each faculty member. The chair
9 will certify that the FMSRC has followed the merit pay distribution plan;
10 if the FMSRC deviates from the plan, the chair will indicate the areas in
11 which the deviations occur and provide a written rationale in its report.
12 These evaluations are submitted to the Dean by 15 April.
- 13 e) The FMSRC's role is advisory to the Dean. The Dean makes the final
14 decisions on merit salary awards, based on the FMSRC's evaluations, and
15 reports these decisions to the FMSRC. The FMSRC produces a written
16 report expressing its views on whether the Dean has followed the School's
17 merit and salary review policy.
- 18 f) The Dean notifies individual faculty members of their salary for the next
19 fiscal year, the FMSRC's evaluation of the faculty member, the faculty
20 member's right to request a meeting with the Dean to discuss the salary,
21 and the right to appeal the salary decision.
- 22 g) Any faculty member who is dissatisfied with the merit salary increase
23 should file a written appeal with the Dean. The Dean will consider the
24 issues raised in the appeal, meet with the faculty member to discuss the
25 issues, and inform the faculty member of the decision on the salary
26 increase. If a faculty member remains dissatisfied, the faculty member
27 may initiate a grievance according to the *University of Maryland Policies*
28 *and Procedures Governing Faculty Grievances*.
- 29 5. The Dean will annually review the composition of the FMSRC over the past five
30 years to assure that the FMSRC achieves a reasonable representation of faculty
31 diversity. If the FMSRC has not proven sufficiently diverse, the Dean will take that
32 fact into account in appointing the next year's FMSRC.
- 33 6. The Dean will annually review the salary structure of the School. If the review
34 reveals salary inequities or salary compression, the Dean will either adjust salaries to
35 rectify the issue, or consult with the Provost on steps to address the issue.
- 36

Article X: Post-Tenure Review

1. In accordance with the policy of the University System of Maryland (19.0 II-1.19) and the policy of the University of Maryland College Park (II-1.20(A)), the School of Public Policy will conduct a regular, comprehensive review of tenured faculty. These reviews shall:
 - a. Occur on a regular basis, not less than once every five years.
 - b. Be a formative process for future faculty development, enhancing the learning environment of students, and improve the School's programs.
 - c. Take place in a process of collegial assessment.
2. Reviews conducted as part of assessment for appointment and promotion will be considered a comprehensive review, for the purposes of this policy.
3. Reviews will be scheduled, starting with the faculty who have served the longest in rank since the previous comprehensive review. The School shall endeavor to allocate the comprehensive reviews of tenured faculty so that approximately the same number of tenured faculty are reviewed each year. Faculty members shall be informed by the Dean, by July 1, of the schedule of the faculty members who will undergo post-tenure comprehensive reviews in each year.
4. By September 1 of the academic year in which a faculty member is scheduled to undergo a post-tenure comprehensive review, the faculty member will:
 - a. Prepare a brief summary of the faculty member's contributions in teaching, research, and public service since the last review.
 - b. Submit copies of assessments of the impact of the faculty member's work, including citation counts and other measures of scholarly accomplishment.
5. Each year, the Dean shall appoint a Post-Tenure Review Committee of three full professors. None of the members of the committee shall be faculty members scheduled for review in the current year. For each faculty member undergoing a comprehensive review, the Committee shall:
 - a. Assess the faculty member's teaching performance.

- b. Assess the research, including the quality and impact of the scholarship.
 - c. Assess the public service, including contributions to the broader field of public policy and the impact of the service.
 - d. Assess the contributions to the School and University communities.
 - e. Rely on such additional information, such as citation indexes and other externally available data, as might prove useful in assessing the faculty member.
 - f. Write an appraisal that summarizes the faculty member's contributions and impact. This appraisal shall normally be completed before the end of the fall term.
 - g. Share the draft appraisal with the faculty member, who shall have 14 days (or a mutually agreeable alternative date) to respond to the Review Committee's comments.
 - h. Submit the final appraisal to the Dean.
6. The Dean shall communicate the review to the faculty member, along with an overall assessment of "meeting expectations" or "not meeting expectations."
 - a. The Dean will discuss with the faculty member all aspects of the report.
 - b. For faculty members "not meeting expectations," the Dean shall counsel faculty members on matters identified by the Review Committee as deficient, and the Dean shall work with the faculty member to create a faculty development plan. The plan shall include a procedure for evaluation of progress on an annual basis, and it shall be signed by the Dean and the faculty member.
 - c. The comprehensive review shall be considered in decisions by the School on promotion, merit pay, and other rewards.

7. The annual reviews conducted by the School as part of the annual salary and workload assessment (See Article IX Section D) shall be used as part of the comprehensive review. Two consecutive annual reviews that indicate a faculty member is materially deficient shall occasion a comprehensive review in the next academic year. That comprehensive review shall be in addition to reviews otherwise required by this policy.

Article XI: General

A. Quorum

Unless otherwise specified, to conduct business, a majority of members of each committee must be present.

B. Rules

Unless otherwise specified, *Roberts Rules of Order* will set the procedures for the conduct of business during the meetings of the School's committees.

C. Review

The School's Plan of Organization shall be reviewed at least every ten years by a committee elected by the School Assembly. This committee shall be comprised of representatives of the Faculty, Staff, and students.
