ISSUE

In Winter 2022, the Senate Leadership suggested the Senate Executive Committee (SEC) should consider charging the Elections, Representation, and Governance (ERG) Committee with a review of the Bylaws of the University Senate ("Bylaws") for consideration to codify the Intellectual Property (IP) Committee membership selection as a Senate process. The ERG Committee was expected to consider whether the Bylaws should be amended to formalize the membership process of the IP Committee due to its far-reaching impact. On January 25, 2023, the SEC voted to charge the ERG Committee for a review to amend the Bylaws to consider the inclusion of the IP Committee membership process (Appendix 1).

RECOMMENDATION(S)

The ERG Committee recommends the proposed revisions to the Bylaws, as shown immediately following this report, be approved.

In addition to the proposed Bylaws revision the ERG Committee recommends the following by considered by the University:

- Recommend the Research Council consider changes to items within the Research Council Bylaws pertaining to subcommittee structure to include a statement that the Intellectual Property Committee as defined by the UMD Intellectual Property Policy, work fall under the purview of the Research Council, and its membership be established and updated with the long-standing process whereby the Senate Executive Committee makes recommendations on nominees for the committee's membership to the Vice President for Research for consideration and;
- Recommend the Vice President for Research and Research Council consider and articulate how the Intellectual Property Committee members representing the "non-academic University departments that are involved in Intellectual Property issues (e.g., University Libraries, Research Administration, Technology Commercialization and the Office of the Senior Vice President and Provost)" are selected, including what role these departments play in identifying or recommending their representatives.

COMMITTEE WORK

On February 3, 2023 the ERG Committee began reviewing and discussing the SEC issued charge (Appendix 1), reviewed the ([“Bylaws”](#)), the UMD Intellectual Property Policy ([IV-3.20\[A\]](#)), and policy and procedures data from BIG10 universities and peer institutions (Appendix 2). Consultations were conducted with the IP Committee Chair, Committee on Committees Chair, Senate Chairs, and the Vice President for Research (VPR).

During the consultation with the VPR, a suggestion was made to fold the IP Committee into the Research Council (RC) by a Bylaws revision to include the IP Committee Chair as a voting ex officio member on the RC. This suggestion was further revised with follow up communication between the ERG Chair, Lanford of Division of Research that included the VPR with an additional revision of the Bylaws stating the chairs of subcommittees will be members on the RC, the removal of specific names of subcommittees, and the RC Bylaws will be written to include the specific subcommittees names. ERG Committee members appreciated the advantages of this suggestion as a solution to account for the operational nature of the IP Committee and its membership selection while also placing it within the Senate’s shared governance structure to codify the membership selection in the Bylaws.

The ERG Committee carefully considered if the Senate’s involvement in the IP Committee’s membership process should be adjusted. It acknowledged that by altering the membership process, the nature of the IP Committee’s deliberations and its ability to effectively consider IP issues could be compromised by an inadvertent removal of members with long-standing institutional knowledge of UMD IP issues. However, committee members also felt the Senate’s involvement of the IP Committee membership process needs to be codified. This can be accomplished by revising the Senate Bylaws to include the IP Committee Chair as a member of the RC with a recommendation to the RC that the RC Bylaws include the IP Committee with its membership established and updated using the same process that the SEC uses to make nominee recommendations as necessary for the VPR’s consideration. Additionally, members recommended the selection process of members of “non-academic University departments,” as stated by the IP Policy, be considered and articulated.

The committee voted at its meeting on March 30, 2023 to approve the revised Bylaws and recommendations. The revised Bylaws were shared with the OGC, the VPR, and the Senate Parliamentarian for a review of the committee’s proposed revisions. No objections were received regarding the proposed Bylaw revisions.

ALTERNATIVES

The Senate could choose not to accept these recommendations and revisions to the Bylaws leaving the current practice of using the SEC charge (Bylaws, 4.2.k) for membership selection of the IP Committee in effect. However, the University would lose the opportunity to codify the IP Committee membership selection as a Senate process.

RISKS

There are no risks to the University in adopting these recommendations.

FINANCIAL IMPLICATIONS

There are no known financial implications to adopting these recommendations.

BACKGROUND

In Winter 2022, the Senate Leadership suggested that the Senate Executive Committee (SEC) should consider charging the Elections, Representation, and Governance (ERG) Committee with a review of the Bylaws of the University Senate for consideration to codify the Intellectual Property (IP) Committee membership selection as a Senate process. The ERG Committee was expected to consider whether the University Bylaws should be amended to formalize the membership process of the IP Committee due to its far-reaching impact.

On January 25, 2023, the SEC voted to charge the ERG Committee for a review to amend the Bylaws to consider the inclusion of the IP Committee membership process (Appendix 1.)

COMMITTEE WORK

The ERG Committee began its work on the charge at its February 3, 2023 meeting. As part of the review associated with the charge, the committee began reviewing and discussing the issued charge (Appendix 1), reviewed the Bylaws of the University Senate (["Bylaws"](#)), and conducted a review of the UMD Intellectual Property Policy ([IV-3.20\[A\]](#)). The membership of the IP Committee is established in the IP policy. The IP Policy states members are selected in consultation with the Senate.

Data on policy and procedures from other BIG10 universities and peer institutions was collected using a couple different methods (Appendix 2). BIG10 school point-of-contacts were asked via a listserv for their perspective of their university's IP policy and, if applicable, IP committee. This yielded marginal response rates with mixed results. Also, data was obtained by reviewing the universities' website pages on their IP policies and, if applicable, senate bylaws.

Overall the universities have a wide variety of practices that dictate their IP policies. Approximately half of the universities have some form of an IP Committee. The ERG Committee discussed an additional point of interest of how the possibility of a university's stance on IP issues may influence

its IP policy, and therefore, the likelihood it has an IP Committee and the composition of that IP committee's membership. The University of Iowa was noted to have the IP policy and procedure most similar to UMD. The IP policy states that the Vice President for Research (VPR) seeks advice through consultation from the three Senate bodies for committee members. This IP committee selection process is not described in their Senate Bylaws.

Only Ohio State has an IP Committee imbedded into its Senate called the Intellectual Property, Patents, and Copyrights (IPPC) committee. It is an eleven-member committee (eight faculty, one graduate student, and two administrators). The members serve a three-year term with a third of the membership rotating off every year. This IPPC committee submits yearly activity reports. ERG members observed that this frequency of turnover goes against the observation by the UMD IP Committee Chair of the benefits of members serving longer terms to preserve the IP institutional knowledge.

The UMD IP Committee membership representation in the IP policy was reviewed. It consists of a faculty majority, a minimum of two students, and representatives from non-academic University departments that are involved in Intellectual Property issues (e.g., University Libraries, Research Administration, Technology Commercialization and the Office of the Senior Vice President and Provost). A representative of the Office of General Counsel (OGC) shall serve as an ex-officio member of the Committee. A member noted there appears to be a different process that occurs for the selection of non-academic department representatives on the IP committee compared to that of faculty and student representatives. ERG Committee members expressed an interest of knowing how non-academic representatives are selected to serve on the committee and what role departments play in that selection process.

The committee consulted with the VPR, the Committee on Committees Chair, and the IP Committee Chair. The VPR invited Pam Lanford (Director of Animal Research Support & Manager) to attend the consultation for her perspective on working within the Division of Research and her previous experience serving as a Senate Chair. These consultations were valuable for gaining an understanding of the operational nature of the IP Committee and its membership process.

During the consultation with IP Committee Chair, the committee learned of the ad hoc nature which affects the membership selection, institutional knowledge, and the sensitive issues that surround IP concerns. The IP Committee is a standing group with very few membership changes, except for the student representatives. The IP Chair's perspective regarding the IP Committee is that this is not the kind of committee that would benefit from frequent changes in membership because there would be a loss of the institutional memory of IP work that has been done. Current IP committee members have a good grasp of this kind of work, the sensitive nature of IP issues, and the inherent challenges associated.

Both the IP Committee Chair and the VPR explained the purpose of the IP Committee, as it meets only when the IP Policy needs revision or to assist the VPR in adjudicating and recommending solutions for IP issues that fall outside of the boundaries of the IP Policy. However, the committee rarely meets because not many IP issues fall outside of the current policy's scope. This has resulted in the IP Committee meeting approximately five times over the past five years. Generally, when the IP Committee is asked to review an IP issue it will meet with the principal investigator and other researchers involved in the issue to gain information, and form an opinion to provide a recommendation to the VPR. If the recommendation is accepted by the VPR, it has a legal review by the OGC beforehand.

During the consultation with the VPR, a suggestion was brought up to fold the IP Committee into the Research Council (RC). This could be accomplished by revising the Senate Bylaws to include the IP Committee Chair as a voting ex officio member on the RC. This suggestion was further revised with follow up communication to Lanford and the VPR, as all subcommittee chairs of the RC will serve as members on the RC. Additionally, it was suggested to broaden the language by striking the currently listed subcommittees by name. Instead, the subcommittee names will be specified in the RC Bylaws. The University Councils are responsible for creating their own bylaws to structure their operations, establish subcommittees/working groups, and establish membership selection processes. By specifying the subcommittees in the RC Bylaws, it would allow the RC the flexibility to modify the subcommittees as needs change while preserving Senate involvement. Since the RC is working to finalize its bylaws (as confirmed by the VPR), during the consultation this would not require an extra step to “change” the RC Bylaws. Also, it was noted this modification to the bylaw language would be similar to the Intellectual Technology Council Bylaw language. ERG Committee members appreciated the advantages of this suggestion as a solution to account for the operational nature of the IP Committee and its membership selection while also placing it within the Senate’s shared governance structure to codify the membership selection in the Senate Bylaws.

A review was conducted regarding the Committee on Committees’ (CoC) process to place volunteers. Both the University Library Council and the IT Council have specified the CoC’s involvement of membership selection in their bylaws. The CoC is largely active in late spring to early summer when it reviews volunteers for placement by creating a pool of recruits from the campus constituencies. When a group of qualified members has been decided for a committee or council a slate of volunteers is created, voted on by the CoC, and then goes through the Senate process for approval.

During the consultation with Chris Jarzynski, the Chair of the CoC, it was asked if there was a preference on how the IP Committee membership is selected. Either by adding a process to the Bylaws or not adding a process and using the SEC charge (Bylaws, 4.2.k), “*make recommendations on nominees for system-wide committees and councils requiring representatives, when necessary.*” Jarzynski indicated either option would be acceptable for future situations where Senate involvement is needed.

The ERG Committee conducted a review of the practice of recommending a nominee for committees using the SEC charge (Bylaws, 4.2.k). Given that students on committees are more likely to have a higher turnover rate, a review of the previous academic year’s requests for student nominees on system wide committees was conducted. Current Senate Chair Newman confirmed there has not been a request to recommend or nominate a student for the IP Committee, however, other student recommendations for the Student Fee and the Facilities Naming committees this past year have been provided.

Lanford, recalling previous experience as Senate chair, described the process of the SEC charge (Bylaws, 4.2.k), characterizing it as consultative. A request for a committee member nomination is received by the Senate Office, which contacts Senators asking for nominations. The Senate Office will send the nominees to the Senate Chair who narrows down the nominees to approximately three names that are then provided to the person making the request to choose from.

The ERG Committee considered the description of the IP Committee operation, its purpose, and the IP Policy (membership section, IV.E) with the ultimate decision that the IP Committee aligns with (Bylaws, 4.2.k) for its membership selection.

The ERG Committee carefully considered if the Senate's involvement in the IP Committee's membership process should be adjusted. It acknowledged that by altering the membership process, the nature of the IP Committee's deliberations and its ability to effectively consider IP issues could be compromised by an inadvertent removal of members with long-standing institutional knowledge of UMD IP issues. However, committee members also felt the Senate's involvement of the IP Committee membership process needs to be codified. This can be accomplished by revising the Senate Bylaws to include the IP Committee Chair as a member of the RC with a recommendation to the RC that the RC Bylaws include the IP Committee with its membership established and updated using the same process that the SEC uses to make nominee recommendations as necessary for the VPR's consideration. Additionally, members recommended the selection process of members of "non-academic University departments," as stated by the IP Policy, be considered and articulated.

After consideration, the committee voted at its meeting on March 30, 2023 to approve the revised bylaws and recommendations. The revised Bylaws were shared with the OGC and the VPR for a review of the committee's proposed revisions. No objections were received regarding the proposed Bylaw revisions. The committee also shared its recommended revisions with the Senate Parliamentarian, who had no objections.

RECOMMENDATIONS

The ERG Committee recommends that the University Senate Bylaws section 9.2.b be revised as indicated in the policy document immediately following this report.

In addition to the proposed University Senate Bylaws revision the ERG Committee recommends that the following be considered by the University:

- Recommend the Research Council consider changes to items within the Research Council Bylaws pertaining to subcommittee structure to include a statement that the Intellectual Property Committee as defined by the UMD Intellectual Property Policy, work fall under the purview of the Research Council, and its membership be established and updated with the long-standing process whereby the Senate Executive Committee makes recommendations on nominees for the committee's membership to the Vice President for Research for consideration and;
- Recommend the Vice President for Research and Research Council consider and articulate how the Intellectual Property Committee members representing the "non-academic University departments that are involved in Intellectual Property issues (e.g., University Libraries, Research Administration, Technology Commercialization and the Office of the Senior Vice President and Provost)" are selected, including what role these departments play in identifying or recommending their representatives.

BYLAWS OF THE UNIVERSITY SENATE

The University of Maryland, College Park

ARTICLE 1 AUTHORIZATION

- 1.1 These *Bylaws of the University Senate* (hereafter referred to as the *Bylaws*) are adopted according to Article 7 of the *University of Maryland Plan of Organization for Shared Governance* (hereafter referred to as the *Plan*), and are subject to amendment as provided for in the *Plan*.

ARTICLE 2 MEMBERSHIP

- 2.1 The members of the Senate are as designated in Article 3 of the *Plan* and further specified in 2.1 and 2.2 below. All elected members are subject to the conditions stated in the *Plan*, including its provisions for expulsion, recall, and impeachment (Articles 4.10, 4.11, and 5.8 of the *Plan* and Article 2.3, 2.4, and 2.5 below).

2.1.a Staff Senators

For the purpose of Senate representation, the Staff Constituency is divided into the following categories. Each category shall elect one Senator from among its ranks for each 200 staff members or major fraction thereof.

1. Exempt Staff with appointment in Colleges, Schools, and Academic Affairs
2. Exempt Staff with appointment in Divisions
3. Non-Exempt Staff with appointment in Colleges, Schools, and Academic Affairs
4. Non-Exempt Staff with appointment in Divisions

- 2.1.b Staff member job categories will not include the category designated for the President, vice presidents, provosts, and deans if they hold faculty rank.

- 2.1.c Any individual within the faculty member voting constituency cannot be included in the staff member voting constituency or nominated for election as a staff Senator. Staff candidates for the Senate must have been employed at the University of Maryland College Park for 12 months prior to standing as candidates for the Senate. Staff members may not stand for Senate elections while in the probationary period of employment.

- 2.1.d An ex officio member denoted in the *Plan* (Article 3.6.a.) who is not precluded from staff member categories as noted in Articles 2.1.b and 2.1.c may be elected as a voting member of the Senate by an appropriate constituency. Such ex officio members should also have been employed by the University of Maryland College Park for 12 months prior to standing as candidates for the Senate.

- 2.1.e As noted in the *Plan* (Article 3.3.c), the term of each staff Senator shall be three (3) years. Terms of staff members will be staggered in such a way that for each term, one-third of the total members from a job category are serving the first year of their term. Not every member of a specific staff job category shall be elected in the same year. However, if the University or these *Bylaws* redefine the staff job categories outside of a normal reapportionment, the staff Senate seats will be vacated. A subsequent election will be held to populate all staff Senate seats within the new categories with staggered terms as follows:

- (1) One-third of the members in a job category who received the lowest number of votes will serve a one-year term,
- (2) One-third of the members in a job category who received the second lowest number of votes will serve two-year terms,
- (3) One-third of the members in a job category who received the highest number of votes will serve three year-terms.

A person serving less than a three-year term is defined as not to have served a full term and is eligible for re-election to a full term the following year.

2.2 Single Member Constituencies

The Senators defined in (a)-(g) below shall be voting members of the Senate. All elections held pursuant to this section shall be organized by the Office of the University Senate.

- (a) Part-Time Research, Part-Time Teaching, Adjunct, and both Full-Time and Part-Time Visiting Faculty who are not members of the Faculty Constituency as defined in Section 3.2 of the Plan shall together elect one (1) Senator, for a term of one (1) year, renewable for up to three (3) years. When the Senate votes by constituencies, that Senator shall have the same voting rights as a Faculty Senator.
- (b) Emeriti Faculty who are not members of the Faculty Constituency as defined in Section 3.2 of the *Plan* shall elect one (1) Senator from among their ranks for a term of one (1) year, renewable for up to three (3) years. When the Senate votes by constituencies, that Senator shall have the same voting rights as a Faculty Senator.
- (c) Head Coaches who are not members of the Faculty Constituency as defined in Section 3.2 of the University Plan of Organization together shall elect one Senator from among their ranks to serve for a term of one (1) year, renewable for up to three (3) years. When the Senate votes by constituencies, that Senator shall have the same voting rights as a faculty Senator.
- (d) Post-Doctoral Scholars, Post-Doctoral Associates (formerly Research Associates), Junior Lecturers, and Faculty Assistants (formerly Faculty Research Assistants) who are not members of any Senate constituency as defined in Article 3 of the *Plan* together shall elect one (1) Senator, for a term of one (1) year, renewable for up to three (3) years. When the Senate votes by constituencies, that Senator shall have the same voting rights as a Faculty Senator.
- (e) The Contingent II staff shall elect one (1) Senator from among their ranks for a term of one (1) year, renewable for up to three (3) years. When the Senate votes by constituencies, that Senator shall have the same voting rights as all other staff Senators. The Contingent II staff Senator shall have been employed by the University for twelve months prior to their election.
- (f) The part-time undergraduate students shall elect one (1) Senator from among their ranks for a term of one (1) year, renewable for up to three (3) years. When the Senate votes by constituencies, that Senator shall have the same voting rights as all other student Senators.
- (g) The part-time graduate students shall elect one (1) Senator from among their ranks for a term of one (1) year, renewable for up to three (3) years. When the Senate votes by constituencies, that Senator shall have the same voting rights as all other student Senators.

2.3 Elected Senators shall not be absent from two (2) consecutive regularly scheduled meetings of the Senate without notifying the Office of the University Senate that they will require an excused absence (Article 4.10.a of the *Plan*). The Senator shall be counted in the total membership when a quorum is defined for a meeting unless that Senator is expelled.

2.4 If an elected Senator is no longer a member of the constituency by which they were elected, the seat may be vacated and the Senator may be replaced according to the following guidelines:

- 2.4.a If there was a runner-up in the election in which the Senator was elected, the runner-up shall replace that Senator immediately, provided they are still eligible.
- 2.4.b If there was no runner-up in the election in which the Senator was elected and the vacancy occurs in the spring semester, that Senator shall serve for the remainder of the Senate year and shall be replaced in the next election cycle for the remainder of the term.
- 2.4.c If there was no runner-up in the election in which the Senator was elected and the vacancy occurs prior to the spring semester, or if the Senator is unable to serve the remainder of the Senate year, the

Senate Executive Committee, in consultation with the appropriate constituency, shall appoint a replacement for that Senator.

- 2.5 If an elected Senator is no longer in satisfactory standing at the University, they shall be replaced immediately upon notification to and verification by the Office of the University Senate in accordance with 2.4.a or 2.4.c above.
- 2.6 All elections shall be completed by the Transition Meeting of the Senate.

ARTICLE 3 MEETINGS

3.4 Rules for Procedure:

- 3.4.a The version of *Robert's Rules of Order* that shall govern the conduct of Senate meetings shall be *Robert's Rules of Order, Newly Revised*.
- 3.4.b A quorum for meetings shall be defined as a majority of elected Senators who have not submitted an excused absence to the Office of the University Senate, or sixty (60) Senators, whichever number is higher. For the purpose of determining a quorum, ex officio members without vote shall not be considered.
- 3.4.c Voting shall be restricted to eligible members of the Senate (Article 3 in the *Plan*) who are participating in the Senate meeting at the time of the vote.

ARTICLE 4 EXECUTIVE COMMITTEE

- 4.1.b The election of the Executive Committee should follow the election of the Chair-Elect as provided for in the *Plan* (Article 5.3 and 5.7.a). In the event of a tie vote in the election for members of the Executive Committee, a ballot will be made available to each Senator in the appropriate constituency as soon as the votes are counted and the tie discovered. The election to break the tie should end one (1) week from the start date.
- 4.1.c In the event of a vacancy on the Executive Committee, the available candidate who had received the next highest number of votes in the annual election for the Executive Committee shall fill the remainder of the unexpired term.

4.2 Charge: The Executive Committee shall exercise the following functions:

- (1) The Library Council Chair should be a tenured faculty member appointed for a single three-year term. Normally, the Chair shall have served as a member of the Library Council. If the Chair is serving as a regular member of the Library Council at the time of appointment, a new member shall be appointed to serve the remainder of the term the Chair has vacated. - (7) The Chair-Elect of the Senate shall serve as an ex officio member of the Library Council who will have voice but no vote.

- B. Qualifications of Library Council Members:** Successful operation of the Library Council requires that the members of the Library Council understand the nature of the Libraries and represent the best interests of the campus as well as the particular interests of their specific constituencies.
1. The Library Council members should be chosen from people who can bring a campus-wide perspective to their deliberations on Library matters and who have shown interest and willingness to foster a good working relationship between the Libraries and their users.
 2. Library Council members should be selected to represent as broad a range of campus disciplines and interests as possible. Faculty members should include representatives from both the professional and arts and sciences colleges, and within these constituencies, representatives of the arts and humanities, social sciences, and physical and biological sciences.
- C. The Appointment Process:** In the spring of each year, the Chair of the University Library Council shall notify the representative of the Office of the Senior Vice President and Provost and the Chair-Elect of the Senate of the appointments required for the following academic year. The representative of the Office of the Senior Vice President and Provost and the Chair-Elect of the Senate shall draw up a slate of nominees who will agree to serve, and the slate will be submitted to the Senior Vice President and Provost and the Committee on Committees for approval. The list of nominees for Library Council membership shall be submitted to the University Senate for approval. Ordinarily, the slate will be presented at the same Senate meeting at which other committee slates are approved. Dates of appointment and beginning of terms shall correspond with those of Senate committees. Replacement of Library Council members will take place through the same consultative process as the initial appointment, with submission of names to the Senate occurring as needed.
- 3. Operation of the Library Council:** Effective and efficient Library Council operation will require adequate support and full cooperation among the Senate, the Senior Vice President and Provost, the Dean, and their offices.
- A. The Office of the University Senate or its designee will provide normal committee support to the Council, including maintaining mailing lists, reproducing Library Council documents, keeping a copy of Library Council minutes, maintaining files for the Library Council, and arranging meeting rooms.
 - B. The Office of the Senior Vice President and Provost, through its ex officio Library Council member, will provide liaison to other administrative units, such as the Office of Institutional Research, Planning and Assessment, for their reports, data, or assistance. The Office of the University Senate will also provide website space for the Library Council.
 - C. The Dean of the Libraries will provide the Library Council with internal data, reports, studies, etc. as needed to support the Library Council's work. The Dean will also arrange for unit staff to present testimony concerning such reports as the Library Council finds useful in carrying out its responsibilities. The Dean's assistance to the committee shall also include providing the Library Council members with the opportunity to attend an appropriate orientation session dealing with the Libraries.
 - D. Control of the Library Council's agenda will be the responsibility of the Library Council Chair and the voting members of the Library Council.
 - E. While being responsive to the needs of the Senior Vice President and Provost and the Senate in a timely manner is necessary, the sponsoring parties and the Dean of the Libraries must not attempt to micro-manage the ongoing operation of the Library Council. In turn the Library Council must not attempt to micro manage the Libraries.
 - F. The Library Council shall meet as necessary, but in no case less than once per semester. Meetings may be called by the Chair. - B. The Chair may present reports and recommendations to the Senate but will not have a vote in Senate proceedings, unless he or she is a member of the Senate.
 - C. Since the committees of the Senior Vice President and Provost range widely in form and function, and do not operate under a formal plan of organization and bylaws, there is no need to specify the Library Council's standing in the same fashion. For other purposes, such as APAC review of the Unit, the Library Council might be consulted like a College Advisory Council (that colleges will have under the shared governance plan) could be.
 - D. The Dean of Libraries will ordinarily meet with the Library Council and have a voice in its deliberations. Since one of the three main functions of the Library Council is to advise the Dean, the Dean shall not formally be a member of the Library Council. On formal reports and recommendations of the Library Council to the University Senate or to the Senior Vice President and Provost, the Dean of the Libraries may send a separate memorandum to the Senate or the Senior Vice President and Provost, as appropriate, supporting or opposing the report or the recommendations, and providing rationale for the Dean's position.
5. **Review of the Library Council:** The Library Council and its operations will be reviewed in conjunction with the periodic review of the Senate and the *Plan*.

APPENDIX 4 CHARTER OF THE UNIVERSITY ATHLETIC COUNCIL

The University of Maryland at College Park is dedicated to higher learning, research, and public service. An intercollegiate athletic program can significantly contribute to the learning and the public service components of the Campus Mission. The operation of a successful athletic program fosters spirit, identity and a sense of pride within the campus community and provides talented student-athletes with the opportunity to enrich their collegiate experience through participation in a challenging and competitive athletic program. Individuals who are not members of the Council, but who wish to attend a specific meeting should seek the prior approval of the Chair. Information provided to Council members concerning specific personnel or compliance matters will not be divulged by individual members without permission of the Chair.

APPENDIX 5 PROCEDURES FOR ELECTIONS OF UMCP REPRESENTATIVES TO THE COUNCIL OF UNIVERSITY SYSTEM FACULTY (CUSF)

The Chair of CUSF is not a member of CUSF. Thus, if the Chair is from College Park, a replacement must be named. At the end of his/her term as Chair, if his/her term on CUSF is not finished, he/she resumes his/her position as a CUSF member.

The normal term for CUSF representatives is three (3) years, with two alternates serving three (3) year terms; if both alternates are elected at the same time, priority to be a replacement shall be in order of votes received. If a regular representative is unable to serve out his/her term, an alternate replaces him/her for the remainder of the term, and a new alternate is named. The replacement representative shall be chosen in order of number of votes received. The Office of the University Senate will identify a replacement alternate subject to confirmation by the Senate Executive Committee.

The University Senate will elect representatives to CUSF each spring. The Senate Nominations Committee will solicit candidates and will present a slate to the Chair of the Senate with at least one (1) candidate for each vacant position to be filled. At the Transitional Meeting of the Senate, faculty Senators will vote to elect representatives to CUSF. Each faculty Senator shall have as many votes as there are open positions. If there are more candidates than positions, the person(s) receiving the most votes, in order, are declared representatives. The person receiving the next most votes is declared alternate. The remaining person, in order of vote tally, will be asked to move into the alternate position if the previous paragraph comes in to play. A record of the outcome of the election will be retained by the Executive Secretary and Director of the University Senate. If there are not sufficient candidates, or the pool of candidates is exhausted, representatives are chosen by the Executive Committee.

APPENDIX 6 PROCEDURES FOR ELECTIONS OF UMCP REPRESENTATIVES TO THE COUNCIL OF UNIVERSITY SYSTEM STAFF (CUSS)

The mission of the Council of University System Staff (CUSS) is to provide a voice for Staff employee concerns in reference to basic decisions that affect the welfare of the University System of Maryland (USM) and its employees. CUSS speaks for all non-exempt and exempt staff employees on Regular and Contingent II Status, who are not represented by a union under collective bargaining.

CUSS is comprised of Staff employees representing each USM institution and the USM Office (USMO). Institution membership is proportionate to the number of Staff employees at the individual institutions, with a minimum of two (2) primary members and two (2) alternate members per institution. Representation on CUSS from each constituent institution is apportioned according to the following formula: 1 to 999 eligible employees, 2 representatives; over 1000 eligible employees, 3 representatives. Staff at each constituent institution shall also select an alternate who shall substitute for a regular member of CUSS when needed. Alternates should be selected at the same time and in the same manner as regular members. A delegation may include more than one (1) alternate who is eligible to cast a vote for an absent member provided the member has given prior notification to the Chair of CUSS. The University of Maryland, College Park is entitled to three (3) representatives, and up to three (3) alternates.

As defined in 6.10.f of the Senate *Bylaws*, the Senate Staff Affairs Committee is responsible for administering the CUSS nomination and election process. Definitions of eligible staff shall be determined by the Board of Regents and CUSS. The CUSS elections will be administered in the spring semester every other year, as the terms of the current CUSS representatives are expiring. The Staff Affairs Committee will solicit candidates from the eligible staff population and will present ballots to the same population with at least one (1) candidate for each vacant position to be filled.

Eligible staff employees will vote to elect representatives to CUSS. If there are more candidates than positions, the person(s) receiving the most votes, in order, are declared representatives. The person(s) receiving the next most votes are declared alternate(s). A record of the outcome of the election will be retained by the Executive Secretary and Director of the University Senate.

Indiana University	Does not have a Senate		Intellectual Property Policy. This policy implements the Indiana University "Statement of Principles on Intellectual Property." The policy has five basic elements: definitions, categories of intellectual property, the distribution of revenues, dispute resolution within the university, and implementation. Under this policy, the primary division of intellectual property is between patentable and copyrightable works. Generally speaking, ownership of patentable work is vested in the University. Copyrightable works are subdivided into Traditional Works of Scholarship, ownership of which remains with the creator of the work, and University Works, as to which the University retains ownership. The revenues from intellectual property owned by the University are distributed according to the formula set out in this policy.	yes-IP Policy Council for disputes	IP Policy council- Six faculty members, selected as follows: two faculty members appointed annually—one by the IUPUI Faculty Council Executive Committee and one by the Bloomington Faculty Council Executive Committee—from the membership of campus Research Affairs Committees or other relevant standing committees of the Councils; one faculty member from a regional campus shall be appointed annually by the UFC Executive Committee, two at-large faculty members appointed by the University Faculty Council Executive Committee in consultation with the President, a faculty chair designated by the University Faculty Council Executive Committee in consultation with the President; and The associate deans for research or equivalent from: the School of Medicine; the College of Arts and Sciences; and two other schools—one each from the Indianapolis and Bloomington campuses—designated annually by the President.	mix of consultation with President, appointed by UFC, designated by UFC	The University or IURTC may request a recommendation from the Intellectual Property Policy Council regarding the disposition of the intellectual property, submit a written summary of its activities annually to the University Faculty Council and shall specifically address the effectiveness of the University and IURTC in utilizing the revenues.
