RELEVANT POLICY/DOCUMENT [Plan of Organization for Shared Governance at the University of Maryland, College Park](#)

NECESSARY APPROVALS Senate, President

ISSUE

The University of Maryland Plan of Organization for Shared Governance mandates that all Colleges and Schools be governed by a Plan of Organization. These Plans must conform to provisions and principles set forth in the University’s Plan, the Bylaws of the University Senate, the Policy on Shared Governance in the University System of Maryland, and best practices in shared governance. Revisions to the Plan of Organization of each College, School, and the Library must be reviewed and approved by the University Senate. The Senate Elections, Representation, & Governance (ERG) Committee is the standing Committee responsible for conducting these reviews.

RECOMMENDATION(S)

The ERG Committee recommends that the Senate approve the revised Plan of Organization for the Robert Smith School of Business (BMGT).

In addition to the proposed revised BMGT Plan of Organization, the ERG Committee recommends the following be considered by BMGT:

- The ERG Committee recommends that BMGT reconsider the apportionment of tenured track faculty to the professional track faculty within the faculty committee in preparation for the next Plan review in 2026.

COMMITTEE WORK

The BMGT School submitted minor revisions to its Plan of Organization to the University Senate for review in May 2023.

Article 11 of the Plan of Organization for Shared Governance provides provisions for the review of College, School, and Library Plans of Organization every ten years but does not include provisions for technical revisions to Plans. The Senate Parliamentarian advised that it would be appropriate for the ERG Committee to do a focused review of just the proposed revisions because the BMGT Plan will have a comprehensive review in 2026. The Parliamentarian and Senate Director both advised

that the BMGT Plan's 10-year cycle will remain on its review cycle, a full comprehensive review will still need to occur in 2026.

The ERG Committee noted the revisions to the BMGT Plan of Organization broadened the pool of eligible members to the administrative committees: Undergraduate Programs Oversight Committee, MBA Programs Oversight Committee, Specialty Masters Programs Oversight Committee, and the Teaching Enhancement Committee. The requirement that eligible members must be members of the Faculty Committee to serve on these committees was changed to any full-time faculty can serve on these committees. This change allows for all possible titles and ranks of faculty to serve on these Oversight Committees. The ERG Committee members appreciated the School's change of these committee's membership requirements.

The ERG Committee also reviewed the Faculty Committee membership composition between tenure track faculty (TTK) and professional track faculty (PTK). It was observed that the stated TTK membership on the Faculty Committee has a higher number than the PTK membership despite the overall higher number of PTK in BMGT. Members felt the BMGT should reconsider the apportionment of the Faculty Committee to address this inequity representation during the review of their Plan of Organization in 2026.

The BMGT School Assembly voted to approve the revisions to its Plan of Organization on May 12, 2023.

The ERG Committee voted to approve at its October 13, 2023 meeting the revised BMGT Plan of Organization and provided a recommendation to BMGT.

ALTERNATIVES

The Senate could reject the revised Plan of Organization and the existing Plan would remain in effect.

RISKS

There are no risks to the University in adopting the revised Plan of Organization.

FINANCIAL IMPLICATIONS

There are no known financial implications.

BACKGROUND

The University of Maryland Plan of Organization for Shared Governance mandates that all Colleges and Schools be governed by a Plan of Organization. These Plans must conform to provisions and principles set forth in the University's Plan, the Bylaws of the University Senate, the Policy on Shared Governance in the University System of Maryland, and best practices in shared governance. Revisions to the Plan of Organization of each College, School, and the Library must be reviewed and approved by the University Senate. The Senate Elections, Representation, & Governance (ERG) Committee is the standing committee responsible for conducting these reviews.

COMMITTEE WORK

The Robert H. Smith School of Business (BMGT) submitted minor revisions to its Plan of Organization to the University Senate for review in May 2023.

Article 11 of the Plan of Organization for Shared Governance provides provisions for the review of College, School, and Library Plans of Organization every ten years. This review includes a review of the Plan and any sections that are needed to comply with University policies (i.e. APT, faculty merit, and post-tenure review). The University's Plan does not include a provision for minimal or technical revisions to college Plans.

The Senate Parliamentarian was consulted regarding the minimal nature of the revisions to BMGT's Plan, and suggested that the ERG Committee's review focus on only the proposed revisions instead of a comprehensive review of the Plan and its associated policies. The 10-year review cycle would not reset based on the current focused review. Following discussion, the Senate Director and Parliamentarian agreed that the proposed process for a limited review of BMGT's Plan of Organization was the most reasonable path forward. It was reviewed the issue of minimal or technical revisions to a Plan is under consideration by the Plan of Organization Review Committee (PORC) to formally develop and codify a review process for revisions of college Plans of Organization in the University's Plan.

Based on the advice of the Senate Director and Parliamentarian, the ERG Committee proceeded with a focused review of the BMGT Plan of the proposed revisions. The Committee agreed that the next BMGT Plan of Organization review should occur in 2026.

The ERG Committee reviewed the revisions to the BMGT Plan of Organization. The revisions to the BMGT Plan of Organization broadened the pool of eligible members to the administrative committees: Undergraduate Programs Oversight Committee, MBA Programs Oversight Committee, Specialty Masters Programs Oversight Committee, and the Teaching Enhancement Committee. The requirement that eligible members must be members of the Faculty Committee to serve on these committees was changed to any full-time faculty can serve on these committees. This change allows for all possible titles and ranks of faculty to serve on these Oversight Committees. The ERG Committee members appreciated the School's change of these committee's membership requirements.

The ERG Committee also reviewed the Faculty Committee membership composition between tenure track faculty (TTK) and professional track faculty (PTK) that can serve on this committee. It was observed that the stated TTK membership on the Faculty Committee has a higher number than the PTK membership despite the overall higher number of PTK in BMGT. Members felt the BMGT should reconsider the apportionment of the Faculty Committee to address this inequity in representation during the review of their Plan of Organization in 2026.

The BMGT School Assembly approved the revisions to its Plan of Organization on May 12, 2023.

The ERG Committee voted to approve its meeting on October 13, 2023 the revised BMGT Plan of Organization and provided a recommendation to BMGT.

RECOMMENDATIONS

The Elections, Representation, & Governance Committee recommends that the Senate approve the revised BMGT Plan of Organization as shown immediately following this report.

In addition to the revised BMGT Plan of Organization, the ERG Committee recommends that the following be considered by BMGT:

- The ERG Committee recommends that BMGT reconsider the apportionment of tenured track faculty to the professional track faculty within the faculty committee in preparation for the next Plan review in 2026.

Name: The name of the unit shall be “The Robert H. Smith School of Business” of the University of Maryland, College Park, hereinafter referred to as the “School”.

Mission: The Smith School's mission is to create knowledge, promote a learning environment that fosters intellectual discovery, and equip current and future leaders to assess complex problems and deliver innovative solutions.

II. PURPOSE

The purpose of this plan is to establish a framework for shared governance of the School so as to provide for the orderly and effective discharge of the School’s mission. The plan advances the School’s mission within its strong and enduring commitment to shared governance, which ensures that all members of the School community (see Article III) join in shaping the School and its future. The plan is created to be consistent with the policies, procedures, and regulations of the University of Maryland, College Park. However, should there be discrepancies between these and the provisions of this plan, University statutes shall take precedence.

III. MEMBERS OF THE SCHOOL COMMUNITY

A. **Faculty:** “Faculty” of the School consist of the following categories.

1. Tenured and Tenure Track Faculty: All tenured and tenure-track faculty whose tenure home is the Smith School.
2. Professional Track Faculty: The term professional track faculty is used in this plan to refer to salaried full-time non-tenure track faculty members of the School. Faculty in these ranks (1) have salaried appointments of 50% FTE or greater and (2) are neither tenured nor eligible for tenure. The list of professional track faculty ranks that may be used at the Smith School are as specified in the bylaws.
3. Adjunct Faculty: The term adjunct faculty is used in this plan to refer to non-tenure track faculty members of the School who are either: (1) compensated on a course by-course basis, (2) or on salaried appointments at less than 50%.

4. **Emeritus Faculty:** Faculty who have retired from the Smith School and have been granted emeritus status by the University.
5. **Other Faculty:** Individuals with faculty titles as defined by the University who do not fall into one of the above four categories.

The term “full-time faculty” will be used in the plan to refer to faculty defined in Articles III.A.1 and III.A.2.

- B. **Staff:** “Staff “ includes all administrative personnel, holding full time or part time of 50% or greater appointments to professional and support positions, and who do not otherwise hold teaching or research appointments and are not students. Staff does not include hourly employees or graduate assistants. Staff are classified as either “exempt” or “non-exempt” based on applicable University procedures.
- C. **Students:** “Students” shall include all students who are enrolled in the School's academic Programs and are candidates for a degree or certificate. Student status as part-time or full-time is as determined by the registrar of the University.

IV. ADMINISTRATIVE STRUCTURE

A. Dean

1. **Selection:** The Dean is appointed by authority of the President of the University of Maryland, upon recommendation of the Provost, following a search involving substantial participation of the School faculty, staff, and students. The School encourages the Provost to ensure that a majority of search committee members shall be tenured and tenure-track faculty. The Dean shall be appointed to the rank of Tenured Full Professor at the School, subject to University Appointment, Promotion, and Tenure procedures.
2. **Duties and responsibilities:** The Dean is the Chief Academic and Administrative Officer of the School. The Dean exercises those functions delegated to him/her by the President and Provost. The Dean has overall responsibility for the School's budget, academic affairs, programs, research, operations, and personnel matters.
3. **Review:** Review of the Dean is governed by the University of Maryland, College Park Policies. It states “The Dean shall serve for a fixed term of no longer than five years, be reviewed at regularly designated intervals by a committee appointed by the Senior Vice President for Academic Affairs & Provost, and be eligible for reappointment following the review.”

After the Dean, the Senior Associate Dean for Faculty is the highest ranked administrator within the School. In the event that the Dean is unable to perform his/her duties, the Senior Associate Dean will serve as Interim Dean until the Provost makes alternate arrangements.
3. **Review:** The Senior Associate Dean for Faculty shall be appointed to a fixed term of no longer than three years. The Senior Associate Dean for Faculty is eligible for reappointment after a formal review. The Senior Associate Dean for Faculty should be formally reviewed in the final year of each appointment term, by a committee of three Tenured Faculty Members elected by the Faculty Committee (see Article VI.A). The purpose of the review is to evaluate how well the Senior Associate Dean for Faculty is fulfilling his/her leadership and administrative responsibilities, to provide constructive recommendations for improving his/her success, and to provide a basis for a reappointment decision. The review must allow for input from all School Assembly members (see Article V). The Review Committee should provide a report to the Dean discussing its findings and recommendations with the Dean.

Faculty input should include an advisory ballot from tenured, tenure-track, and professional track Faculty Committee members in an area on all eligible candidates for chair. The Dean shall incorporate this input in his/her selection of the Area Chairperson, and should choose a Chairperson acceptable to the majority of the tenured faculty members in the area.
2. **Duties and Responsibilities:** Area Chairpersons are the academic and administrative officers of their Faculty Area. They exercise those functions delegated to them by the Dean and Senior Associate Dean. These duties include administering the

appointment, promotion, and tenure policies within the area as specified by University policies, assigning teaching duties to faculty in an area, and having responsibility towards all academic programs that are associated with an area. They also serve as a conduit for information between the Dean's Office and the Academic Area.

3. **Review and Reappointment:** In the final year of the term of the Chairperson, full-time faculty in an area will evaluate their Chairperson. Anonymity of respondents will be maintained. The evaluation will be separated out by professional track faculty and tenured and tenure-track faculty. The evaluation will be conducted and summarized by the Senior Associate Dean for Faculty, who can also solicit information from other members of the School. Results will be given to the Chairperson by the Dean and Senior Associate Dean for Faculty. A Chairperson is eligible for reappointment after review.
